

# ENGLISH-UKRAINIAN DIRECTORY – АНГЛО-УКРАЇНСЬКИЙ ДОВІДНИК

*Dear Supporter:*

The *Annual English-Ukrainian Directory* has grown to be the most widely distributed publication serving the Ukrainian community as well as many others. It is a unique and valuable resource guide and the only one of its kind in Western Canada. We have proudly been publishing this Directory since 2000.

The Directory is a primary and daily source combining many pages of information on community organizations, schools, educational institutions, artists, dance groups, musicians, choirs, churches, businesses, professionals, government, and more. With our free-of-charge access to the English-Ukrainian Directory online search and our free distribution of printed directories, you are assured that your company is well represented to others.

With your help, we can better serve everyone from newcomers to fifth generation Canadians by providing them with the latest and best available information. To offer your services and programs, please complete and return the attached Order Form to us **by December 20**. Do not miss this exciting opportunity!

Do you have a product or event that you would like to promote? Send us your request and we will gladly advertise it through our email broadcasting to over 8,500 contacts!

We will continue to invest in the print and online directories to further strengthen our position as being the media with the best return on your investment. Please note that our online directory extends beyond the geographical boundaries of our publication and therefore will support anyone, throughout the world, who is interested in promoting their business online.

Your satisfaction remains at the heart of our commitment to you. Your suggestions are always welcome. If you require any assistance in any way, please contact us. We thank you for your support and look forward to meeting your advertising needs.

Sincerely,

*SSC Group Team*
